3rd International Conference on Avian, Herpetological and Exotic Mammal Medicine (3rd ICARE)

(14th European AAV Conference, 6th International ARAV Conference, 3rd International AEMV Conference and 4th ECZM Scientific Meeting)

March 25th-30th, 2017 - Lido di Venezia, Italy

The Scientific Committees of the 3rd International Conference on Avian, Herpetological and Exotic Mammal Medicine are calling for abstracts (presentations and posters) to be presented at the 2017 meeting in Venice Lido, Italy.

Proposal submission deadline: October 15th, 2016

The abstract must be submitted online. For abstract submission please go to the ABSTRACT SUBMISSION CENTRE at web site http://abstract.evsrl.it/
To access the ABSTRACT SUBMISSION CENTRE it is necessary to register for a user name and password for the EGO System. Should you not have a user name and password, please go to the EGO Registration Request Page at http://ego.evsrl.it/public/RegistrationRequest.aspx?lang=en
Username and password will be sent within 1 working day.

Authors will be notified of the results of process by November 15th, 2016. Authors will then be expected to submit summary style manuscripts (up to 250 words) or full papers by December 15th, 2016 if their proposal is accepted.

The ABSTRACT SUBMISSION CENTRE will guide you filling up the following fields:

1. ABSTRACT FORMAT
A single abstract is required for the initial review process: text length should be 250 words or less (1250 characters including spaces).

2. SECTION
- Master Class
- Wet Lab
- Reptilian and Amphibian Medicine (ARAV)
- Exotic Mammal Medicine (AEMV)
- Avian Medicine (EAAV)
3. PRESENTATION PREFERENCE
- Oral presentation only
- Oral presentation preference, but willing to present as poster as well
- Poster
- Master Class
- Practical Lab
- Student presentation*

* Submission is entitled to participate in the student poster prize or the EAAV-student presentation prize if this is the first international presentation of the 1st author and if he/she has a maximum of 3 years of postgraduate studies (residents are excluded).

4. TITLE
Title of work must be in CAPITAL LETTER, maximum length 14 words (180 characters including spaces).

5. ADDRESS FOR CORRESPONDENCE

6. AUTHORS

7. TEXT AND REFERENCES
Please, use the following examples as abstract template:
EXAMPLE
Total length 250 words or less (1250 characters)
TITLE
Authors/Affiliation
Introduction
Materials and methods
Results
Conclusions
References

Please note that the presenting author of each accepted abstract has to register for the conference.

Presentations time of oral presentations is limited to 12 minutes.

Studies submitted should not have been presented at a national or international meeting prior to the 2017 ICARE Conference. Abstracts submitted should adhere strictly to the format guidelines. The abstract must include results of the study. Incomplete abstracts or failure to follow the format will lead to rejections of the paper without review. Each abstract will be blinded and evaluated by members of the scientific committees and scored based on design, originality, and relevance to the field. The abstracts will be ranked according to score and selected for presentation in the session requested, based on available space.

The author submitting the proposal will be the person with whom all correspondence takes place. In case of multiple authorship, each author should have generated a part of the intellectual content of the manuscript and should agree with all interpretations and conclusions.
A report suggesting that animals have been subjected to adverse, stressful or harsh conditions, and/or treatment will not be processed for publication unless the author demonstrates convincingly that the knowledge gained was of sufficient value to justify the adverse conditions or treatment imposed. When the author is affiliated with an institution, the procedures established by that institution’s Animal Care and Use Committee should be followed.

All abstracts must be in British English. Proposal abstracts should be no longer than 250 words (1250 characters including spaces). Please provide a short description of the proposed presentation including outcome.

The scientific committees will try to accommodate your abstract according to your wishes, however the committee reserves the right to change the form of presentation in order to optimize the scientific programme.
